Distribution Services

Faster, more efficient and more cost-effective aerospace product distribution from the industry leader in aerospace and defence supply chain management.

We will remove complexity from your supply chain, allowing you to focus on your business strategy, core activities and reducing costs.

Pattonair is one of the world's largest procurers of aerospace product. Our ability to manage the supply and distribution of product is exceptional, and we hold stock globally to meet your needs.

We have the capability to support your business locally wherever you are. When you contact *Pattonair* you are talking to people who understand your business and its operational needs, who speak your language and work in your area.

Working with *Pattonair*, we can offer:

- A single source for all of your requirements, saving you time and money
- Exceptional service, availability and product integrity at a very competitive price
- Reduced Total Acquisition Cost
- Same-day despatch for stocked products to anywhere in the world, including to your sub contractors
- Sourcing of legacy, alternative or difficult to find parts
- Extensive engineering expertise
- Clearly visible reporting mechanisms

Pattonair is currently authorised to distribute for many suppliers, including:

Nicholson Sealing Technology
Trelleborg Sealing Solutions
Meggitt Polymer Solutions
RBC Aerospace Bearings
Kirkhill-TA
Shur-Lok
Smalley
Uniseal
Linread
Allfast
Tyco
SPS
Lisi

Making distribution easier and more cost-effective

- Global coverage from dedicated facilities worldwide
- Excellent quality assurance standards
- All products certified and with full paperwork traceability
- Highly skilled engineers inspect all products in-house
- Industry standard approvals including ISO9001/2000, AS/EN9120 and BS9000
- Delegated First Article Inspection Report authority

Taking you further

A subsidiary of Umeco plc, *Pattonair* is the leading global aerospace and defence supply chain service provider. Our strategy, unique in this industry, is based on operating globally while meeting the needs of individual customers with hands-on local support. There are no boundaries to the supply chain services and products we offer; simply a flexible, informed and open-minded approach with people that understand the aerospace business and are dedicated to delivering improved performance through more effective supply chain management.
