Warehouse Management Services

We will manage your warehouse operations to improve your efficiency, reduce costs and increase profitability - through tailored solutions from the industry leader in aerospace and defence supply chain management.

We will remove complexity from your supply chain, allowing you to focus on your business strategy, core activities and reducing costs.

Based on our unparalleled expertise, industry experience and global reach, *Pattonair* delivers bespoke warehouse management services. Whatever you need, we provide an expert team with staff whose sole focus is to deliver industry-leading service to you and your customers.

Our approach to warehouse management is proven to reduce costs, improve customer service and deliver measurable efficiency gains. We will carry out a full review of your requirements to ensure we design and deliver the optimum warehouse solution.

Working with *Pattonair*, we can offer:

- Sophisticated flexible systems designed for your business needs
- Product storage to the highest specifications demanded by aerospace and defence
- Receipt management and QA inspection procedures including First Article Inspection Reports
- Perpetual Inventory Management processes
- Radio Frequency management to ensure stock and pick-pack accuracy
- Tailored management reports for effective performance monitoring
- Product packing and kitting including direct line feed, with automated support to meet delivery and certification requirements every time
- Full compliance with import, export, ITAR and other regulatory requirements
- Taking full responsibility for staffing requirements
- Warehouse layout including plan, design, specifications, equipment and implementation
- Advanced change management tools for continued improvements

....the Leading Global Aerospace and Defence
Supply Chain Service Provider....

We deliver lower warehouse operating costs. Our approach, specifically designed for aerospace and defence, enables you to:

- Free up internal expertise and resources to focus on your core business
- Benefit from more flexible and agile operating practices based on industry-leading techniques and systems proven across multiple clients
- Improved efficiency in areas ranging from Workforce Management to Right First Time delivery to the production line

Working with *Pattonair* means you benefit from:

- Proven expertise
- Excellent quality standards
- Reduced inventory holding
- Reduced Total Acquisition Cost
- Improved product availability and visibility
- Increased build efficiency
- Less complexity
- Reduced working capital
- Improved profitability
- World class aftermarket support

Taking you further

A subsidiary of Umeco plc,the Leading Global Aerospace and Defence Supply Chain Service Provider... Our strategy, unique in this industry, is based on operating globally while meeting the needs of individual customers with hands-on local support. There are no boundaries to the supply chain services and products we offer; simply a flexible, informed and open-minded approach with people that understand the aerospace business and are dedicated to delivering improved performance through more effective supply chain management.
