

....the Leading Global Aerospace and Defence  
Supply Chain Service Provider....

**Pattonair**  
umeco supply chain

## Consultancy Services

**Specialist aerospace and defence consulting to increase your competitive advantage by optimising your supply chain, reducing costs and maximising profits.**

**We will remove complexity from your supply chain, allowing you to focus on your business strategy, core activities and reducing costs.**

Pattonair offers one of the few consultancy teams that is totally focused on supply chain management improvements for the aerospace and defence sectors. Our expert consultants draw on our unparalleled expertise, proven track record and a unique business strategy that is based on delivering global supply chain management through hands-on local support.

*An independent provider, we provide objective insights to optimise your supply chain.*

**We will work alongside you to eliminate waste, improve supply chain flow and reduce the Total Acquisition Costs of your supply chain.**

Because no two businesses or supply chains are the same, we treat every customer engagement as unique.

**Working with Pattonair, we can offer:**

- Accredited consultancy from an industry leader
- Exceptional expertise and focus ensure cost-effective specialised engagements
- Our services will improve product availability, customer service and quality
- We will enhance your efficiency and asset management, reducing inventory levels, operating costs and increasing profits

### Targeted consultancy for sustained impacts

We deliver informed consulting across all areas of aerospace and defence supply chain systems, processes and resources including:

- Integrated global supply chains
- Acquisition and capital costs
- Low cost sourcing
- Supplier development and management
- Warehousing and operations
- Line feed services and kitting
- Inventory management
- QA, inspections and First Article Inspection Reports
- Warehouse relocation and start-ups
- Project management and continuous improvement

You will gain more flexible and agile operating practices based on industry-leading techniques and systems that have been proven across multiple clients.

### Working with *Pattonair* means you benefit from:

- Improved profitability
- Proven expertise
- Extensive product knowledge
- Excellent quality standards
- Reduced Total Acquisition Cost
- Improved product availability
- Increased build efficiency
- Supplier rationalisation
- Less complexity
- Reduced working capital
- Reduced inventory holding
- The ability to focus on your core business
- World class aftermarket support

### Taking you further

A subsidiary of Umeco plc, ....the Leading Global Aerospace and Defence Supply Chain Service Provider.... Our strategy, unique in this industry, is based on operating globally while meeting the needs of individual customers with hands-on local support. There are no boundaries to the supply chain services and products we offer; simply a flexible, informed and open-minded approach with people that understand the aerospace business and are dedicated to delivering improved performance through more effective supply chain management.
