

....the Leading Global Aerospace and Defence
Supply Chain Service Provider....

Pattonair
umeco supply chain

Aftermarket and MRO Services

Bespoke aerospace and defence after-sales solutions to enhance service levels to your aftermarket customers.

We will remove complexity from your supply chain, allowing you to focus on your business strategy, core activities and reducing costs.

The service provider of choice for many of the world's top aerospace and defence companies, *Pattonair* provides tailored business solutions for aftermarket and MRO needs.

We have the expertise and global capability to provide whatever you need: from straightforward direct deliveries to the most complex supply chain solutions. You will increase your competitive advantage through enhanced service levels, lower costs, reduced inventory and the ability to provide your customers with a more reliable service.

Working with *Pattonair*, we can offer:

- Industry-leading product quality, availability, integrity and service at a very competitive price
- Tailored supply chain solutions to fit your needs
- 99.9% product availability for value added solutions
- Solutions that can be tailored to your customers' and sub contractors' needs, with your packaging and labelling produced by us and sent to your customer
- Expertise in sourcing legacy, alternative and difficult to find parts
- Excellent product and integrity
- Quick turnaround of requirements to all customer requests
- Delivery to anywhere in the world

We hold EASA and FAA release form delegation on behalf of approved manufacturers to issue documentation that enables full traceability for MRO demand requirements.

....the Leading Global Aerospace and Defence Supply Chain Service Provider....

Providing global coverage from dedicated facilities worldwide, we can:

- Improved service for your aftermarket customers
- Deliver product to your customers using your paperwork generated by our systems
- Manage your customers' spares requirements
- Ensure fully traceable aftermarket product
- Develop kits specifically for aftermarket or MRO
- Minimise downtime through more effective MRO support
- Provide a rapid response to all *ad hoc* requests and AOG requirements
- Utilise comprehensive Performance Indicators including customer-specific scorecards
- Enable customers to send orders, view inventory levels, see order allocations and track shipping direct from their system
- Provide customer bespoke documentation for onward shipping, streamlining transactions and reducing operating costs

Working with Pattonair means you benefit from:

- Proven expertise
- Excellent quality standards
- Improved product availability
- Increased build efficiency
- Supplier rationalisation
- Less complexity
- Reduced Total Acquisition Cost
- Reduced working capital
- Improved profitability
- The ability to focus on your core business
- World class aftermarket support

Taking you further

A subsidiary of Umeco plc,the Leading Global Aerospace and Defence Supply Chain Service Provider.... Our strategy, unique in this industry, is based on operating globally while meeting the needs of individual customers with hands-on local support. There are no boundaries to the supply chain services and products we offer; simply a flexible, informed and open-minded approach with people that understand the aerospace business and are dedicated to delivering improved performance through more effective supply chain management.
